### Running around shouting

①Hiroshi Hara ②13→70 ③8/7 ④Miyuki Bridge

Being completely unclothed, a woman was running around on the bridge. Her body was burned, and her eyes looked abnormally big.

### People with faces swollen up like balls

①Michiko Watanabe ②— ③8/15 ④Fuchu-cho, Aki-gun

The oil painted on their faces made them look like deep-fried human tempura.

### Most were left untreated, and on the brink of death.

①Shoichi Furukawa ②32→62 ③8/9 ④Kanayama-cho

The place was full of victims, who were resting on each other or lying down, some already dead. Those alive invariably craved for water.
